

Crown of Life School News

Spring Thing!!

Coming up on Sunday, March 22nd, is Crown of Life Lutheran School's annual Spring Thing! The Spring Thing combines a musical production put on by the children of the school with a Science Fair and a book fair. The musical production this year is "RATS!"

"RATS!" tells the story of the pied piper in a fun and musical format.

All the children will also have on display their science fair projects that they have put together. A Scholastic Book Fair will be available before and after the show. Through this fair we are usually able to put quite a few new books into our classroom libraries.

Everything will be taking place at the school on March 22nd. The doors will open at 2:00 PM, and the program starts at 3:00 PM. Refreshments will be served afterwards, and the book fair will be open before and after the program. Come on out and join us for a fun afternoon!

Science Fair

Book Fair

Mr. Nolte's Room

Welcome to March! March marks the wrapping up of the basketball season here at Crown of Life. The regular season has come to a close and the end-of-year tournaments are March 13-15 at HVL.

March also means the Spring Thing and Science Fair. Everyone is working pretty hard to get this ready for March 22nd.

The class recently got to see two pretty amazing shows on the same day. On February 20th we got up a little earlier than usual so we could go to HVL and see an assembly put on by "The Rope Master." 7-time world champion jump roper Peter Nestler put on an astounding display of jump roping prowess. He also included an inspirational message about accomplishing your goals.

After the HVL assembly, we went to the Henry Ford IMAX and saw an incredible movie called "Under the Sea 3D." We saw some of God's most amazing undersea creatures practically swimming right out of the screen at us! We would highly recommend going to see this one.

That's all for now. Hope to see you at Spring Thing!

*The Rope Master, Peter Nestler is a 7-time world champion jump roper and motivational speaker.

Mr. Holman's Room

Hello and welcome to another month in the 1st-4th grade room. This month has gone by way too fast; maybe due to the fact it only had 28 days. On Friday, February 13th, our class along with the Kindergartners, went to Morley's Chocolate Factory. We watched a movie about chocolate making and the history of chocolate. Then we had the opportunity to go to the factory floor and watch the chocolate being made. Finally, we were given a free sample of the chocolate, which we all loved. (Especially since they let us choose between a piece of chocolate and a chocolate covered strawberry.) It was a very sweet afternoon!

Our class is really looking forward to spring and hopefully the weather warming up a little too. (Ok... maybe that last part was just the teacher's wish!)

We are hard at work learning our parts for the Spring Thing! It should be a wonderful show and opportunity for the students to showcase their talents. Just a reminder that the show is on March 22, at school.

Have a great March and a blessed Lenten season!

Mrs. Tetzlaff's Room

Hello and welcome to our month of Kindergarten news.

In February we celebrated Valentine's Day by exchanging Valentine's treats. To go along with that, we went on a field trip to Morley's Chocolate Factory where we learned that chocolate comes from cocoa beans, and how it gets made into the chocolate we eat. Then we got to see candy being made at the factory. We even got to eat some chocolates and chocolate covered strawberries.

At the end of the month we had a dress-up day and everyone got to dress-up and look really nice. Look at the picture of our class.

Up next is the "Spring Thing" and we're busy working on our song. Come and see us on March 22nd as we perform on stage.

Kindergartners celebrated "dress up" day in their own ways.

Mrs. DeRuiter's Room

Happy March to all of you,

The month of February was a busy one in preschool. We started off the month with a celebration of Valentines Day and lots of "lovely" things to do for a party.

Next we jumped in to a unit on Health and Nutrition for the rest of the month. Our centers revolved around it with the favorite being the Preschool Pizza Store that we set up. You could come in and order a pizza (made the way you wanted it), get some bread sticks, some fries and even

Valentine's Day was a treat!

a drink all for the low price of \$4.00. What a deal these days. Of course you had to pay for it with our pretend money. Our kitchen help made sure that you received the correct amount of change too. Pastor Frick was even a customer taking in the preschool experience.

To end the unit we made our own butter from heavy whipping cream. The result was yummy but it sure did take a long time to shake it!!!

Now we're on to learning our part for the upcoming Spring Thing. Won't you join us for a fun afternoon?

We're now enrolling for the fall with an Open House coming in April. Be watching for more details. See you next month.

—Mrs. De Ruiter and her preschoolers

The Preschool Pizza Store was fun and educational.
